**[First Step is setting up our charity in you Amazon account](#), if you haven't already done so...**

You cannot use Amazon Smile with the Amazon App on the mobile devices. You can set up a shortcut to the Amazon Smile website which gives a near identical experience to the app. It's very quick and easy to do.

Here are directions on how to use Amazon Smile on Mobile devices:

If you have the Amazon App installed please delete it.

To do this, tap and hold the app icon until it starts to jiggle.

Tap the grey X at the top left of the icon and confirm that you want to delete it.

Don't worry, this will not delete your Amazon account or any of your settings.

Load you web browser.

For an iPhone, this is Safari.

Go to smile.amazon.com

Tap the 'share' button  on the bottom of the screen

Tap the 'Add to Home Screen' icon.

You may need to scroll the left to see this on the bottom menu.

You now have an Amazon Smile icon on your home screen which you can use in exactly the same way you used the Amazon App.
